| <b>GENERAL-LEDGER JOURNAL ROLES (SEPARATE CONTROL)</b> |                          |                                       |                                          |
| <b>User ID</b>                                         | <b>Name</b>              | <b>Accounting role</b>                | <b>Purpose</b>                           |
| User role Approver                                     | Karen Vovstein           | Controller                            | Journal preparation/approval only        |
| User role Preparer                                     | Joshua Zixford           | Senior Accountant                     | Journal preparation/approval only        |
| User role System                                       | SYSTEM                   | System Service Account                | Journal preparation/approval only        |

Payroll master-file changes reviewed

General-ledger preparer/approver separation does not evidence HR authorization, payroll master-file entry/review, payroll processing, or bank- batch release. Those responsibilities are tested separately.
